QUESTIONNAIRE ABOUT SATISFACTION OF PARTICIPANTS ON IMPLEMENTED COURSES IN THE FIELD OF SOUND AND LIGHT TECHNICIANS AND STAGE MANAGEMENT

NUMBER OF RECEIVED QUESTIONNAIRES: 51

NUMBER OF MALE PARTICIPANTS IN QUESTIONNAIRE: 26

NUMBER OF FEMALE PARTICIPANTS IN QUESTIONNAIRE: 25

NUMBER OF RECEIVED QUESTIONNAIRES FROM THE BASIC COURSE FOR LIGHT: 13

1.

Number of completely satisfied participants with the course: 11

Number of not satisfied participants with the course: 0

Number of partially satisfied participants with the course: 2

2.

Number of completely satisfied participants with the new achieved competences: 11

Number of not satisfied participants with the new achieved competences: 0

Number of partially satisfied participants with the new achieved competences: 2

3.

Number of completely satisfied participants with the teacher's methodology on the course: 13

Number of not satisfied participants with the teacher's methodology on the course: 0

Number of partially satisfied participants with the teacher's methodology on the course: 0

4.

Number of participants who think that more practice should be implemented in the course: 5

Number of participants who think that no more practice should be implemented in the course: 3

Number of participants who partially think that more practice should be implemented in the course: 5

5.

Number of participants who think that more theory should be implemented in the course: 2

Number of participants who think that no more theory should be implemented in the course: 7

Number of participants who partially think that more theory should be implemented in the course: 4

6.

Number of participants who think that acquired competences are useful for career development: 8

Number of participants who think that acquired competences are not useful for career development: 1

Number of participants who think that acquired competences are partially useful for career development: 4

7.

Number of participants interested in future participation in such courses: 12

Number of participants not interested in future participation in such courses: 0

Number of participants partially interested in future participation in such courses: 1

NUMBER OF RECEIVED QUESTIONNAIRES FROM THE ADVANCED COURSE FOR LIGHT: 0

NUMBER OF RECEIVED QUESTIONNAIRES FROM THE BASIC COURSE FOR SOUND: 10

1.

Number of completely satisfied participants with the course: 9

Number of not satisfied participants with the course: 0

Number of partially satisfied participants with the course: 1

2.

Number of completely satisfied participants with the new achieved competences: 9

Number of not satisfied participants with the new achieved competences: 0

Number of partially satisfied participants with the new achieved competences: 1

3.

Number of completely satisfied participants with the teacher's methodology on the course: 9

Number of not satisfied participants with the teacher's methodology on the course: 0

Number of partially satisfied participants with the teacher's methodology on the course: 1

4.

Number of participants who think that more practice should be implemented in the course: 2

Number of participants who think that no more practice should be implemented in the course: 5

Number of participants who partially think that more practice should be implemented in the course: 3

5.

Number of participants who think that more theory should be implemented in the course: 4

Number of participants who think that no more theory should be implemented in the course: 4

Number of participants who partially think that more theory should be implemented in the course: 2

6.

Number of participants who think that acquired competences are useful for career development: 9

Number of participants who think that acquired competences are not useful for career development: 1

Number of participants who think that acquired competences are partially useful for career development: 0

7.

Number of participants interested in future participation in such courses: 9

Number of participants not interested in future participation in such courses: 1

Number of participants partially interested in future participation in such courses: 0

NUMBER OF RECEIVED QUESTIONNAIRES FROM THE ADVANCED COURSE FOR SOUND: 5

1.

Number of completely satisfied participants with the course: 5

Number of not satisfied participants with the course: 0

Number of partially satisfied participants with the course: 0

2.

Number of completely satisfied participants with the new achieved competences: 5

Number of not satisfied participants with the new achieved competences: 0

Number of partially satisfied participants with the new achieved competences: 0

3.

Number of completely satisfied participants with the teacher's methodology on the course: 5

Number of not satisfied participants with the teacher's methodology on the course: 0

Number of partially satisfied participants with the teacher's methodology on the course: 0

4.

Number of participants who think that more practice should be implemented in the course: 0

Number of participants who think that no more practice should be implemented in the course: 4

Number of participants who partially think that more practice should be implemented in the course: 1

5.

Number of participants who think that more theory should be implemented in the course: 1

Number of participants who think that no more theory should be implemented in the course: 3

Number of participants who partially think that more theory should be implemented in the course: 1

6.

Number of participants who think that acquired competences are useful for career development: 5

Number of participants who think that acquired competences are not useful for career development: 0

Number of participants who think that acquired competences are partially useful for career development: 0

7.

Number of participants interested in future participation in such courses: 5

Number of participants not interested in future participation in such courses: 0

Number of participants partially interested in future participation in such courses: 0

NUMBER OF RECEIVED QUESTIONNAIRES FROM THE BASIC COURSE FOR STAGE TECHNIQUE: 23

1.

Number of completely satisfied participants with the course: 22

Number of not satisfied participants with the course: 0

Number of partially satisfied participants with the course: 1

2.

Number of completely satisfied participants with the new achieved competences: 21

Number of not satisfied participants with the new achieved competences: 0

Number of partially satisfied participants with the new achieved competences: 2

3.

Number of completely satisfied participants with the teacher's methodology on the course: 23

Number of not satisfied participants with the teacher's methodology on the course: 0

Number of partially satisfied participants with the teacher's methodology on the course: 0

4.

Number of participants who think that more practice should be implemented in the course: 7

Number of participants who think that no more practice should be implemented in the course: 9

Number of participants who partially think that more practice should be implemented in the course: 8

5.

Number of participants who think that more theory should be implemented in the course: 4

Number of participants who think that no more theory should be implemented in the course: 11

Number of participants who partially think that more theory should be implemented in the course: 8

6.

Number of participants who think that acquired competences are useful for career development: 20

Number of participants who think that acquired competences are not useful for career development: 1

Number of participants who think that acquired competences are partially useful for career development: 2

7.

Number of participants interested in future participation in such courses: 21

Number of participants not interested in future participation in such courses: 1

Number of participants partially interested in future participation in such courses: 1
